REPORT

60-09-061 Minor Unspecified Projects - Various Locations

Charge: 1992 Capital Budget
Special Roads $60,000

60-21-099 Boundary Rd, Grandview to Laurel - watermain replacement

Charge: 1992 Capital Budget
Mains, Pumping Stns., etc. $200,000

Additional Information: This work order covers the cost of watermain renewal on Boundary Road, Grandview to Laurel. This section of road is included in the 1993 Pavement Rehabilitation Program where the replacement main was originally scheduled for construction next year, immediately prior to roadworks. However, since the Ministry of Transportation and Highways will not be proceeding with intersection improvements at the Canada Way/Edmonds this year, the provision of $215,000 included in the 1992 Capital Budget for a replacement watermain on Edmonds, Canada Way to 6th, can be reallocated to the Boundary Road project. Renewal of the watermain at this time would permit an early start to the necessary preparatory work for next years road rehabilitation program.

Funds are provided in the 1992 Capital Budget under Mains and Pumping Stations, Code 21.
