1.0 Infrastructure

1.1 Broadway Improvements Bainbridge to Underhill Estimated \$11,333,200

This multi-year project consists of upgrades on Broadway (Bainbridge Ave to Underhill Ave) and the road will be upgraded with widened pavement, urban trail, sidewalks, and treed boulevards to improve the street for all users. Storm sewers and watermains requiring condition or capacity upgrades in this section will also be addressed in this project.

This project will receive a funding contribution from Fortis for approximately \$4 million.

Early funding is being requested to enable the construction contract award in February 2020. The Annual Capital Plan will be updated to reflect the funding request below.

1.2 Combined Sewer Separation Boundary Package Estimated \$7,665,500

This combined sewer separation project is part of the City's ongoing infrastructure renewal program involving separation of combined sewer as required under the Liquid Waste Management Plan (ILWRMP).

Sewer separation minimizes volumes of combined sewer over-flow to the environment and the amount of wastewater that needs to be treated resulting in better allocation of resources, lower energy use and reduced environmental impact

The streets impacted by the project include:

| ltem | Street | From |
|------|--------------------------|---------------------------------------|
| 1 | Boundary Rd | Oxford St to Hastings St |
| 2 | Lane north of Dundas St | Boundary Rd to Esmond Av |
| 3 | Lane north of Triumph St | Boundary Rd. to Ingleton Av |
| 4 | Lane north of Pandora St | Boundary Rd. to Esmond Av |
| 5 | Esmond Ave | Pandora St to Lane north of Oxford St |

Early funding is being requested to enable the construction contract award in February 2020.

| Total | \$2,525,900 | \$8,250,000 | \$10,775,900 |

The Annual Capital Plan will be updated to reflect the funding request below.

1.4 Thorne Avenue Upgrade

Estimated \$2,167,600

To complete works and services required for a defaulted land development project at 6000 Thorne Avenue. Funding for this project comes from a draw of \$1.805M of development bonds from the developer. Total project construction value is estimated at \$4M. The City will attempt to seek recovery of the shortfall from the developer who defaulted on the land development project.

Full construction will begin in 2020 for offsite improvements for the development at 6000 Thorne Avenue. This includes improvements to roads, street lighting, sanitary sewer, storm sewer, watermain and to provide site services to this development.

Early funding is being requested to enable the construction contract award in February 2020.
