V.V. EDITION V

WHAT A WONDERFUL SUMMER!!

We've been very busy here. It's been high tide for tourists and regular visitors. In-between everything though, the steam donkey has been given a lot of time and attention, and now looks very impressive.

Canada Way Lodge at Edmonds and Kingsway very kindly invited a representation from the Museum to attend their fund raising Barbeque in August. It was a roaring success and now the Museum is to receive the proceeds in the form of a donation. The extra nice thing about it all, was that the residents (senior citizens), then matched dollar for dollar the amount raised by the barbeque! Their generous donation will be put to good use in either conservation or the Electric Theatre.

Something new in the Church . . . A stained glass window has been installed by the Century Park Museum Association in memory of Mr. Harold Carr and other volunteers who gave so unstintingly of their time to the Museum.
