WHEREAS notice of the intention of the Council to undertake the construction, as a local improvement, of the work hereinafter described has been duly given by publication of the notice and by service of it upon the owners of the lots liable to be specially assessed, and the publication and service of such notice has been proved by a statutory declaration filed with the Clerk, and no petition against the work signed by a majority of the owners, representing at least one-half the value of lots which are liable to be specially assessed, has been presented:-

AND WHEREAS the Provincial Board of Health has issued a provisional certificate of approval of the said Sewer Construction Work dated the Fourth day of August, A.D. 1930, and it is therefore necessary and desirable in the public interest, on sanitary grounds, to construct such sewers in accordance with plans so approved by the Provincial Board of Health.
