

51. Re: Big Bend Area.

It would appear from the length of the Agenda and the Manager's Report that Council will not have time to deal with the Big Bend problem on Monday evening.

Because of the work load we have not been able to get a report out on the Big Bend for the July 12th meeting as we had originally planned.

In any event, we can have a presentation for the meeting which it appears will be necessary on Tuesday. Although as things stand now we do not wish Council to act on this subject until we have had a chance to meet with the C.N.R., Hydro Authority and others in the area to review the planning considered to date so as to get their "input". We could however, briefly discuss the area in a general way if Council wishes -- hopefully no firm decision would be made though.

There will be a presentation made by one of the Preliminary Plan Approval applicants on July 12 (see Delegations) which will probably bring forth discussion on this subject anyway. Perhaps we will have to act on some more of the Preliminary Plan Approvals in order to give more time for review of the plan.

13/7/71 cl.

*Table until next Council meeting & that at that meeting  
deal with all P.P.A.'s submitted 30 days*
