

ITEM 9
MANAGER'S REPORT NO. 65
COUNCIL MEETING Oct. 12/71

9. Re: Motor Vehicle Testing Station
Moscrop Street and Wayburne Drive

Alderman McLean enquired at the Council Meeting on September 27 as to when the Motor Vehicle Testing Station would be opened.

The Engineer has been advised by the Provincial Government of Public Works that the Testing Station is at the present time open but they are only testing vehicles belonging to B.C.I.T. students and the Police Department as a sort of trial measure. He was further advised that any customer appearing at the station from October 15, 1971, and on will have his vehicle tested.

The Testing Station will have its official opening October 22, 1971.
