

ITEM 7  
MANAGER'S REPORT NO. 67  
COUNCIL MEETING Oct. 18/71

7. Re: Labor Relations as a Function of  
Greater Vancouver Regional District

We have now been advised by the Greater Vancouver Regional District that it has received approval from the required number of municipalities to authorize the District to take on the function of Municipal Labor Relations. We are told that application was made some weeks ago for Supplementary Letters Patent and the District expects to receive this authority in the near future.

This is for the information of Council.
