

23. Re: Trustees Meeting - P.N.W. Section of A.W.W.A.
Attendance of Mr. A.L. Francis, Water & Sewer Superintendent
October 15 & 16, 1971, Eugene, Oregon.
-

The Engineer has recommended that Mr. A. L. Francis attend the above-mentioned trustees meeting. This will require Council approval inasmuch as the meeting is outside of British Columbia. The estimated cost is \$102.75.

To provide the Manager with some background, the Engineer has noted that Mr. Francis is considered to be one of the most knowledgeable and respected people in the field of waterworks in the entire Pacific North West area. His approximately 40 years service with Burnaby is good testimony, and his eminence and recognition in the waterworks field was displayed in his election as a trustee. He has a great deal to contribute to his chosen field of endeavour.

The Engineer has recommended that approval be sought for Mr. Francis' attendance at the trustees meeting as a conference.

RECOMMENDATION:

THAT authority be granted for Mr. Francis to attend the trustees meeting.
