

ITEM 5

MANAGER'S REPORT NO. 53

COUNCIL MEETING Aug. 30/71

5. Re: Construction of Curb and Gutter and Pavement Widening on  
Lister Court from Carleton Avenue to W.P.L. of  
Lots 74 & 75, D.L. 35, Plan 27645.
- 

Appearing on the Agenda for the Council Meeting of August 30, 1971, is a Petition together with the Municipal Clerk's Certificate of Sufficiency regarding the above. This Petition will complete the road work in the area i.e. it will tie Carleton Avenue in with the completed work presently being carried out in the Lister Court subdivision. The subdivider was not required to do this "outside work" as part of his subdivision. It is certainly desirable to complete the works in the area at one time.

Normally we do not accept a Petition for road works if we follow our past practise, but in this particular instance the Engineer has recommended that we do this work at this time.

RECOMMENDATION:

THAT this work be carried out on a Petition basis and;  
THAT the necessary cost report be brought forward.
