

16. Re: Local Improvement Cost Report  
Per Section 601 Municipal Act

A sufficient petition for the pavement of the lane east of and parallel to 18th Street from Edmonds to 19th Avenue, has been received by the Municipal Clerk. The cost report required by Section 601 of the Municipal Act and supplied by the Treasurer is:

Length of the work	190'
Estimated cost of the work	\$665.
Actual frontage	318'
Taxable frontage	225'
Owner's share of the cost of the work	\$225.
Estimated lifetime of the work	10 years
Frontage tax levy	5 annual instalments of \$.257 per taxable front foot.

RECOMMENDATION:

THAT the cost report be received; and  
THAT the construction bylaw be brought forward.
