

12. Re: Cancellation of Easement
Lots 229 and 230, D.L. 132, Plan 40487

The owner of Lot 229 has requested cancellation of the easement which is registered against the property.

The easement (Right-of-way Plan 28070) was obtained by the Municipality for a sanitary sewer across Lot "A", Expl. Pl. 13311, in 1965 (see attached sketch #1). Lot "A" was subsequently subdivided into Lots 229 and 230, and a lane allowance was dedicated in the same location as the easement (see attached sketch #2).

The Municipal Engineer advises that the easement over both lots is no longer required because the Municipal sewer is located in a lane allowance.

RECOMMENDATION:

THAT authority be given to cancel the easements which are registered against Lots 229 and 230.
