

ITEM 8

MANAGER'S REPORT NO. 43

COUNCIL MEETING June 11/73

8. Re: Correspondence from Canadian Air Transportation Administration

The Planning Department on May 16, 1973, met with Mr. D. G. Hosgood, Pacific Regional Planning Officer of the Canadian Air Transportation Administration, at his request, to exchange introductions and establish a liaison channel in the event that either party have need of information services that may be available.

Mr. Hosgood is particularly concerned with the Vancouver International airport and its relationship to surrounding communities. As such, Mr. Hosgood has been advised that the Planning Department will forward any materials considered to be of possible interest to him in this regard. Mr. Hosgood has expressed his willingness to cooperate in a similar fashion.

The following excerpt from a letter to the Planning Department from Mr. Hosgood suggests that Council be advised of the consultative liaison arrangements that have been established:

"I very much appreciated the time and courtesies extended to me at our meeting on May 16, 1973. I am sure the information exchanged will be of mutual value.

One suggestion which I failed to make was that members of Council be advised of our consultative liaison arrangements, thus should they require any information, a channel has been established. I assure you that all requests will receive full and prompt attention."

This is for the information of Council.
