

ITEM 15

MANAGER'S REPORT NO. 86

COUNCIL MEETING Nov. 19/73

15. Re: Letter and Petition from Mr. Robert K. Watts  
1974 Local Improvement  
Dubois Street from Joffre to Mandy Avenue

Appearing on the agenda for the November 19, 1973 meeting of Council is a letter from Mr. Robert K. Watts regarding opposition to a proposed 1974 Local Improvement on the subject street. Following is a report from the Engineer regarding this matter.

Dubois Street from Joffre to Mandy Avenue has an existing five foot curb sidewalk on the north side only, with pavement and the curb face. The 1974 Local Improvement work intended for this block would have called for the construction of a 5 foot curb sidewalk on the south side only in order to match up with the north side; therefore only abutting owners on the south side would have received notices concerning the work.

In as much as the petitioners represent eight of the nine property owners on the south side, the petition against the work should be recognized.

RECOMMENDATIONS:

THAT Dubois Street from Joffre to Mandy Avenue be excluded from the 1974 proposed Local Improvement Program; and

THAT the petitioners be so advised.

RE: Local Improvement Program 1974  
Dubois Street from Joffre Avenue to Mandy Avenue  
3800 Block

The Clerk has received a petition for the removal of the subject street from the proposed Local Improvement Program for 1974 and is identical in intent to the petition received against the work from the 3700 Block Dubois Street, which was the subject of a report to Council on 13 November, 1973, Manager's Report No. 84, Item 14. Embodied in that report is a statement concerning the importance of pre-design of L.I. Projects.

RECOMMENDATION:

THAT Council delete the 3800 Block Dubois Street from the proposed Local Improvement Program for 1974.
