

ITEM 2

MANAGER'S REPORT NO. 79

COUNCIL MEETING Oct. 22/73

2. Re: R.C.M.P. Monthly Report
(Item 1, Report No. 77, October 15, 1973)

Item 1, Report 77, being the R.C.M.P. report for the month of September, 1973, was tabled at the Council Meeting of October 15, 1973 in order that the Manager could ascertain why the report was not complete.

In reviewing the Report for the year 1973, the report submitted on October 15, 1973 has exactly the same information as all of the monthly reports have had this year except that the word "normal" is usually inserted in the square covering the "liquor situation".

The form being used in the Report is an R.C.M.P. form and of course it is basically designed for much smaller municipalities and therefore really does not fit our needs too well but it is a form that Superintendent Lambert must complete for his Victoria Headquarters. We have discussed this form and Superintendent Lambert feels that in the interim he can at least add additional information to the "Remarks" section as well as attach another page if required. He is looking into the possibility of a different form entirely which can be used to make a better report for this particular municipality by making use of existing R.C.M.P. statistics that must be kept in any event.

In summary then, the report is the same as we have been receiving for some time but we are investigating the possibility of improving it to the extent of changing the form in the long run. Under the circumstances it would be in order to receive and file Item 1, Report 77, October 15, 1973.

RECOMMENDATION:

THAT Item 1, Report No. 77, October 15, 1973 be received and filed.
