	MANAG	ER'S REPORT	r no.	81
	COUNC	IL MEETING	Oct.	29/73

15. Re: Supply, Rental and Operation of Dump Trucks, Contract #17, 1973

Following is a report from the Purchasing Agent regarding a contract for the supply, rental and operation of dump trucks.

As noted in the report, the contract involves the supply, rental and operation of single and tandem axle trucks for Municipal purposes such as hauling of material for maintenance of roads, hauling of logs and debris from clearing sites, etc. for the period from now to April 30, 1974. The contract also involves the supply, rental and operation of eight tandem axle trucks to clear snow from roads, if required, for the period November 15, 1973 to March 15, 1974.

The unit prices noted in the report include drivers' wages.

The cost to the Municipality would be based on the actual number of hours that the equipment is used. The approximate quantity of hours and extended total cost for each type of equipment are included in the report as guidelines to give Council some indication of the overall expense that can be expected to accrue from rental of the subject trucks.

RECOMMENDATION:

THAT the tender from H. Siefert Trucking Limited be accepted, with final payment to be based on the actual usage and the unit rates tendered.

THE CORPORATION OF THE DISTRICT OF BURNABY INTER-OFFICE COMMUNICATION

TO: Municipal Manager

DATE: October 25, 1973

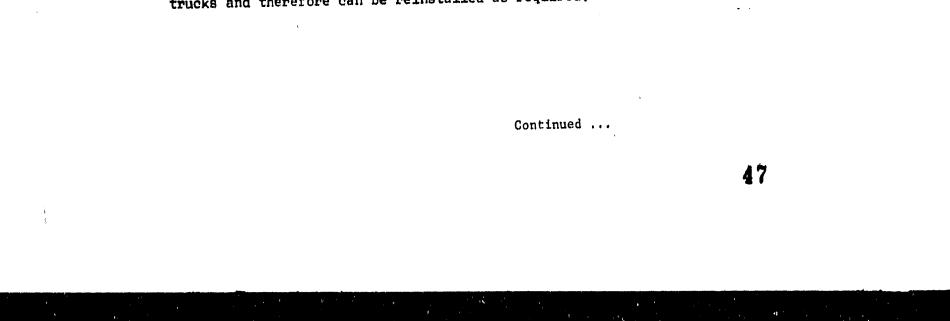

FROM: Purchasing Agent

SUBJECT: Supply, Rental and Operation of Dump Trucks, Contract #17, 1973

Tenders for the supply and operation of dump trucks were received up to 3:00 p.m. local time on Wednesday, October 24, 1973.

The contract involves the supply and operation of trucks for Municipal purposes, during the period ending April 30, 1974 on an hourly basis. The work of this contract also includes the supply, rental and operation of eight tandem axle trucks for snow plowing purposes for the period from November 15th, 1973 to March 15th, 1974. Corporation owned snow plow frames will be installed at Municipal expense on each of the eight tandem axle trucks at the Municipal Service Centre, between November 1 and 15, 1973. Trucks so equipped with snow plowing frames shall be classified "standby" and made available to this Municipality for snow plowing duty on a two hour notice.

The snow removal equipment is not permanently installed on the trucks and therefore can be reinstalled as required.

MANAGER'S REPORT NO. 81				
COUNCIL MEETING Oct. 29	173
