

ITEM 14  
MANAGER'S REPORT NO. 90  
COUNCIL MEETING Dec. 3/73

14. Re: Undated Letter from Mr. E. Harrison et al  
Status of L.I.P. for 4500 Block Georgia Street

Appearing on the agenda for the December 3, 1973 Meeting of Council is an inquiry from Mr. E. Harrison et al regarding construction of concrete curbs and sidewalks on the subject street. Following is a report from the Engineer on this matter.

RECOMMENDATION:

THAT the petitioners be advised that the 4500 Block Georgia Street is proposed to be initiated as a Local Improvement project in 1975, subject to provision of funds in the C.I.P. Budget and approval of the Local Improvement Program by Municipal Council.

TO: MUNICIPAL MANAGER  
FROM: MUNICIPAL ENGINEER  
RE: 4500 BLOCK GEORGIA STREET

NOVEMBER 29, 1973

The Municipal Council has received a petition from residents of the 4500 Block Georgia Street requesting information as to when they may expect curbs and sidewalks on their street.

Please be advised that Georgia Street from Willingdon Avenue to Delta Avenue is included in the draft of our Local Improvement Program for 1975. The 1974 program has already been quite firmly established and we do not recommend any further additions at this late date.

RECOMMENDATION:

THAT the petitioners be advised that the 4500 Block Georgia Street is proposed to be initiated as a Local Improvement project in 1975, subject to provision of funds in the C.I.P. Budget and approval of the Local Improvement Program by Municipal Council.

  
E. E. OLSON  
MUNICIPAL ENGINEER
