

21. Re: Public Bodies Information Act

Attached is a copy of statements prepared in compliance with the Public Bodies Information Act. The statements, which are for the financial year ended December 31, 1972, are as follows:

<u>Statements</u>	<u>Type of Information Contained</u>
(S)	All remuneration paid to each employee.
(T)	Expenses paid on behalf of each employee.
(U)	Individual accounts in an amount of \$500 or more.

Council in 1962 established \$1.00 as the price per copy for the public purchase of the document. Unless directed otherwise, the practice of charging the public \$1.00 per copy will be continued.

This is for the information of Council.
