b. Letter dated March 25, 1974 from  
Mr. W.L. Fedewa, President of the

---

Appearing on the Agenda for the April 1, 1974 meeting of Council are two letters advising of a three-day course in assessments to be held in Victoria on April 2, 3, and 4, 1974, and a one-day seminar for Electrical Inspectors in Vancouver on April 5, 1974.

The Municipal Assessor advises that he is in the process of requesting approval to send four Appraisers to the course in Victoria (the Manager has authority to approve this type of expenditure). The Chief Building Inspector is planning to have Electrical Inspectors attend the seminar in Vancouver.

This is for the information of Council.
