(Item 8, Report No. 15, February 25, 1974)

Council, at its meeting of February 25, 1974, received the above-noted report and referred the matter to staff for a report on the estimated cost of installing a chip sidewalk on the west side of Willingdon Avenue between Eton and Pandora Streets. Following is a report from the Engineer on this matter.

RECOMMENDATIONS:

THAT a chip screenings sidewalk be constructed on the west side of Willingdon Avenue from Eton Street to Pandora Street; and

THAT the estimated cost of $4,000 to construct the chip screenings walk be charged to Budget Code 15-06, Special Roads Projects; and

THAT Mrs. E.M. Dowling be provided with a copy of this report item.

RE: MRS. E. M. DOWLING - REQUEST FOR SIDEWALKS ON WILLINGDON AVENUE,
      PANDORA STREET TO ETON STREET - COST ESTIMATE.

As requested by the Municipal Council at its meeting of 25 February, 1974 we wish to report that the estimated cost of a chip screenings sidewalk on the west side of Willingdon Avenue between Eton Street and Pandora Street is $4,000.

In order for a possible warrant for the facility to be established I requested the "Sidewalk Sub-Committee" of the Traffic Safety Committee to convene themselves and to provide me with their thoughts on the need for such a sidewalk in the captioned location. The Sub-Committee has conducted its investigation and has recommended to me that there is a need for a sidewalk.

Recommendation: THAT a chip screenings sidewalk be constructed on the west side of Willingdon Avenue from Eton Street to Pandora Street, and,

THAT the estimated cost of $4,000. to construct the chip screenings walk be charged to Budget Code 15-06, Special Roads Projects, and,

THAT Mrs. E. M. Dowling be provided with a copy of this report item.
