

ITEM 6
MANAGER'S REPORT NO. 74
COUNCIL MEETING Nov. 12/74

Re: District of Coquitlam's Proposed Traffic Bylaw to Designate Truck Routes

On October 28, 1974, Council received a letter from the District of Coquitlam requesting our comments on the District's proposed Traffic Bylaw to designate truck routes. The Transportation Planner and the Municipal Engineer in this regard advise that Coquitlam's proposed bylaw will not affect either Burnaby's Truck Route Bylaw or existing traffic patterns on Burnaby's street system.

RECOMMENDATION:

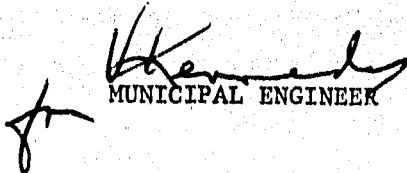

THAT the District of Coquitlam be advised that its proposed bylaw to designate truck routes will not affect Burnaby's Truck Route Bylaw or existing traffic patterns on Burnaby's street system.

* * * * *

4 November, 1974

TO: MUNICIPAL MANAGER
FROM: MUNICIPAL ENGINEER
SUBJECT: DISTRICT OF COQUITLAM TRUCK ROUTE BY-LAW

Having read over the contents of the proposed Coquitlam Truck Route By-law, we would say that its approval will have no effect on our existing Truck Route By-law, nor will it effect existing traffic patterns on our street system.

MUNICIPAL ENGINEER
