TO: MANAGER
November 7, 1974.
FROM: ADMINISTRATOR, PARKS & RECREATION
RE: CARIBOO HILL SCHOOL PARK - LACROSSE BOX TENDERS

Tenders for the construction of a lacrosse box at Cariboo Hill School-Park were received and opened at 3:00 p.m. on Wednesday, October 30, 1974. A tabulation of the bids is attached. This was received by the Parks and Recreation Commission at its meeting of November 6, 1974. The Form of Tender called for a metal post construction lacrosse box, sheathed with wood and heavy welded metal mesh wire, and an alternate of wooden posts sheathed with wood and welded wire.

The low bid for the metal post lacrosse box was submitted by Bunio Construction in the amount of \$30,250.00. This company also submitted the low bid of \$27,900.00 for the wood post lacrosse box.

In the opinion of the Parks and Recreation Staff, the extra cost for the metal post lacrosse box would be recovered within three to five years from the maintenance point of view as this type of structure is practically trouble free whereas the wooden structures are always requiring attention. This year our cost figures show that the wooden boxes have cost us in excess of \$1,000 compared to approximately \$150 for the metal post lacrosse boxes.

The scope of work involves grading, preparing sub-base, paving, installing fences and drains.

The budget estimate for this project is \$32,000 and this will cover the construction of the metal post lacrosse box and the simple landscape work required and the purchase of the lacrosse goal nets.

RECOMMENDATION:

The Parks and Recreation Commission requests Council to enter into a contract with Bunio Construction Ltd. for the construction of the metal post lacrosse box at Cariboo Hill School-Park in the amount of \$30,250.00.

Dennis Gaunt
Dennis Gaunt,
ADMINISTRATOR.
