TO: MUNICIPAL MANAGER

DECEMBER 11, 1974

FROM: MUNICIPAL ENGINEER

RE: LYNDHURST STREET FROM NORTH ROAD TO NOEL DRIVE

Alderman Lawson queried the progress of improvements on the subject street at the Council meeting of December 9, 1974.

Lyndhurst Street is included in Contract #7409 (Columbia Bitulithic Ltd.) for the construction of Local Improvement Works (curb and gutter both sides and sidewalk south side). The Contract as a whole is currently approximately 75% complete.

The work on Lyndhurst Street will commence in the very near future, probably following the Christmas season in early January. Work will proceed as rapidly as weather conditions will permit.

This is for the information of Council.
