REMARKS:

There has been a general increase in motor vehicle accidents to date this year and during June there were three fatalities. In one a motor-cycle skidded into a parked car; in another the driver of a small vehicle lost control while travelling on Canada way at 6:00 A.M. and collided with a hydro pole; and the other occurred when a boy ran out from between parked vehicles and was struck by a car.

Most types of criminal offences are also increasing this year, particularly assaults, theft of motor vehicles, frauds and wilful damage. There were 6 robberies in June; An armed robbery of an outdoor theatre netted the gunman \$800.00; approximately \$1,100.00 was taken at gunpoint from a drive-in eating establishment, and the culprit escaped in a waiting vehicle; two robberies were thwarted when the intended victim in one instance refused to open the cash register, and in the second instance the intended victim fled from the gunman. The other two cases were instances of robbery with violence.

We are doing all we can to control these rising trends in crime and traffic statistics, but demands for public assistance of all types are also increasing at a steady rate.
