

ITEM 25

MANAGER'S REPORT NO. 61

COUNCIL MEETING Sept. 23/74

Re: Acquisition of Corner Truncation  
Morley Street at Canada Way (West Side)  
Lot 11, Blk. "F", D.L. 91, Plan 1869  
6493 Canada Way (Corrioni)

The subject 10' X 10' truncation (see attached sketch) is required for the scheduled Local Improvement Program on Morley Street. Negotiations with the owners disclose that the truncation can be acquired for \$1.00, subject to the condition that a boxwood hedge approximately 2' high is relocated to the new property line at the time of construction. The Land Agent believes that this is reasonable and recommends acceptance.

RECOMMENDATION:

THAT the subject truncation be purchased for \$1.00, with the understanding that the owners' boxwood hedge will be relocated to the new property line at the time of construction.
