[^0]Counc11, at its meeting of February 18, 1974, received the above-noted correspondence, dated February 11, 1974 from Mrs. E.M. Dowling, 4455 Cambridge Street, which noted that a sidewalk is not provided on Willingdo to the Municipal to Burnaby Heights School". Council referred the matter to the Municipal Engineer for information as to plans for future construction of a sidewalk on the subject portion of Willingdon Avenue

Following is the report of the Municipal Engineer with respect to the subject sidewalk.

Councll is advised that the matters of noise from trucks on Willingdon Avenu and odours in the area, items also referenced with Mrs. Dowling's correspondence will be the subjects of a staff report to be submitted to Council in the near

## RECOMMENDATION:

THAT Mrs. E.M. Dowling be provided with a copy of this report

## TO: MUNIC IPAL MANAGER

FEBRUARY 21, 1974
FROM: MUNICIFAL ENGINEER
RE: MRS, E. M. DOWLING (ORIGINAL COMMUNICATION COUNCIL MEETING 18 FEB, 74 ) SIDENALKS ON WILIINGDON AVENUE, PANDORA STREET TO ETON STREET.

In answer to a query raised at Council re the above named, the Planning Department has advised that the Lons-range plans for the subject portion of Willingdon Avenue call for the widening of the allowance by an additional 20 feet on the east side and 'the construction of a $60^{\prime}$ najor road thereon. Any plans to install a permanent walking facility on the existing allowance in the immediate future would be premature.

Notwithstanding the future of the street, the advancement of a Local Improvement sidewalk project could not be recommended until 1976-77 due to the recent extension of the 1974 Local Improvement Program to $2 \frac{1}{2}$ years to mid 1976 because of financial limitations.
