

Re: 1974 Enumeration

As Council is aware, we have conducted Enumerations in 1973 and in 1972 to obtain the names of persons residing in the Municipality who did not own property.

As Council is also aware, all Municipalities are now required by law to conduct Enumerations for their annual elections.

In our case, plans are being made to commence our Enumeration some time during the week commencing May 6, 1974.

During our past two Enumerations, the following rates of pay have applied:

Supervisor .....\$4.00 per hour  
Assistant Supervisor .....\$3.75 per hour  
Enumerators .....\$3.50 per hour

The Clerk feels that these rates should be increased to reflect the 12% that was awarded to Municipal employees this year, and accordingly recommends that the following rates apply for the year 1974:

Supervisor .....\$4.50 per hour  
Assistant Supervisor(s)....\$4.20 per hour  
Enumerators .....\$3.90 per hour

RECOMMENDATION:

THAT the following rates of pay be authorized for those persons who will be engaged to conduct an Enumeration in the Municipality in 1974:

Supervisor .....\$4.50 per hour  
Assistant Supervisor(s)....\$4.20 per hour  
Enumerators .....\$3.90 per hour
