Re: MEDICAL HEALTH QUARTERLY REPORT

ITEM 1 MANAGER'S REPORT NO. 71 COUNCIL MEETING Nov. 10/75

Following for your information is the report of the Medical Health Officer covering the activities of his Department for the months of July, August and September, 1975.

QUARTERLY REPORT

* * * * * * * * * * * * *

M. J. Shelley Municipal Manager

Dear Sir,

I have the pleasure of submitting the Quarterly Report for the Health Department covering the months July, August and September 1975.

The nurse working out of the Health Department, known for many years as the Public Health Nurse, now has a new name. With the changing emphasis and expansion of programmes, as well as working with the Community and Community Agencies, the nurse is now more aptly named Community Health Nurse. The Supervisor is known as the Hursing Coordinator of Community Health Nursing and the Assistant Supervisors are known as Associate Coordinators.

The very much needed Speech Therapist was appointed to her position as of the 1st of September when Miss Mary Ann Hand joined our staff. Miss Hand is working with the preschool group as well as with adults. The school age group is covered by the four Speech Therapists working from the Burnaby School Board. Referrals of preschool and adults are being made through the Community Health Nurses. Miss Hand also participates in the Three-Year-Old Clinic which is held three times a month.

Miss Vicki Henson, employed by the Burnaby Association for the Mentally Retarded. is now working out of the Health Department offices. Miss Henson, a psychiatric nurse, is the infant Development Worker and as such assists families who have young children with physical, emotional and mental handicaps. Her base in the Health Department gives her a close liaison with the Community Health Nurses, Speech Therapist, Nutritionist and the Psychologists.

With the increasing concern over the growing problem of child abuse the Community Health Nurses participated in a child abuse workshop during the summer months. They also assisted the United Community Services in their recent questionaire with the objective to attempt to ascertain the extent of this problem in Burnaby.

Miss Beth Lydiard, Associate Nurse Coordinator retired from the Department on August 25, 1975 after 26 years service. Miss Lydiard worked as a staff nurse until her appointment as Assistant Supervisor June 1, 1968. Miss Lydiard has done much to establish the prestige of the Public Health Services in Burnaby. Mrs. Thérèse Webster was appointed Associate Coordinator of Nurses September 1, 1975 as Miss Lydiard's replacement. Mrs. Webster was a former staff nurse on the Burnaby Health Department staff she is a graduate of the University of British Columbia School of Nursing.

Miss Lynda Thornton returned to her position as Associate Nursing Coordinator following her year leave to attain her Masters Dogree in Nursing from the University of British Columbia. New Community Nurse appointments were made to fill the various vacant positions, among these were Miss Joan DesJardins, Mrs. Pam McCartney, Mrs. Joan Eokman and Miss Shirley Ball.

There were 99 Communicable Diseases reported during this quarter. Of these there wore 24 gonorrhoa, 23 salmonella infections, 21 chicken pox, 9 infectious hepatitis. 8 mumps, 4 infoctious syphilis, 2 each measles, rubella and pediculosis and 1 each scarlet fever, ringworm, scables and moningitis.

Respectfully submitted,

Torre a concerned all and the

W. F. Sunderland, M.D., D.P.H. MEDICAL HEALTH OFFICEP
