MULTIPLE HOUSING QUESTIONNAIRE - 1974
PLANNING DEPARTMENT

PLANNING DEPARTMENT
APRIL 10, 1975

We attach for the information of Council members, a copy of a report "Multiple Housing Questionnaire - 1974". The completion of this study was made possible by the STEP-74 program (Student Temporary Employment Program) funded by the Provincial Government.

Summer programs of this type have enabled the Planning Department to carry out desirable basic field research which cannot easily be coordinated within the context of regular staff priorities. The subject questionnaire survey was carried out and written by a graduate summer student, Miss Suzanna Seto, under the direction of the Planning Department. We believe that this report will prove to be useful and informative in future reports concerning housing developments and housing policy and has proved the value of the summer student employment program.

Copies of the report had been distributed previously to Housing Committee members on April 3, 1975. The report will be made available to other interested departments.

A. L. PARR,
DIRECTOR OF PLANNING.
