

ITEM 24
MANAGER'S REPORT NO. 45
COUNCIL MEETING June 23/75

Re: Delineation of Burnaby Mountain Conservation Area
(Item 23, Report No. 86, December 30, 1974)
(Item 31, Report No. 43, June 16, 1975)

Council, at its meeting of June 16, 1975, received Item 31, Report No. 43 and, after considering various alternatives, directed that further consideration of this matter be deferred one week and that the Director of Planning bring forward sepia overlays to be used in conjunction with aerial maps of the Burnaby Mountain area which will clearly illustrate the various alternatives advanced by the individual members of Council for both the West and South boundaries of the Conservation Area.

With regard to the above-noted motion, the Planning Director advises that a relatively large display board will be available to Council at its meeting of June 23, 1975. It is also anticipated that copies of the overlays, reduced in size, will be available to Council at that meeting.

This is for the information of Council.
