

ITEM 2

MANAGER'S REPORT NO. 33

COUNCIL MEETING May 5/75

Re: Trailway - Burnaby Lake

Two inquiries regarding the trailway at Burnaby Lake were made at the March 24, 1975 meeting of Council. Following are replies on this matter:

1. DEPOSIT OF CUTTINGS ACROSS THE TRAIL BY THE BURLINGTON NORTHERN RAILWAY

The Railway does not have the right to drop cuttings on Municipal property and, as in this case, on trailways. The encroachment was committed inadvertently. The Outdoor Education Association has cleared up the debris and the Railway has been notified.

2. WILL THE TRAIL BE CONTINUED TO SPERLING AVENUE?

It is planned for the trail on the north side of Burnaby Lake to be extended to Sperling Avenue for pedestrian access only.

This is for the information of Council.
