

ITEM 19  
MANAGER'S REPORT NO. 31  
COUNCIL MEETING May 10/76

Re: WESTERN CANADA TURFGRASS ASSOCIATION

Following is a request from the Parks and Recreation Administrator for authorization to have two employees from his department attend a turfgrass field day in Puyallup, Washington.

RECOMMENDATION:

1. THAT Council approve the request to have Messrs. Spelay and Delawski attend the Western Canada Turfgrass Association's field day in Puyallup, Washington, on May 12, 1976, with the total cost of \$50.00 being charged to the Municipal Training Budget.

TO: MUNICIPAL MANAGER MAY 7th, 1976  
FROM: PARKS AND RECREATION ADMINISTRATOR  
RE: WESTERN CANADA TURFGRASS ASSOCIATION

A turfgrass field day is being held on Wednesday, May 12, 1976, at the Experimental Station in Puyallup, Washington, U.S.A. The purpose of the field day is to view the many turf trial plots and be advised of the success of these trials. The information received will be invaluable for the Parks staff working directly with the use and culture of turf.

The field day was late in coming to the attention of staff and we have, therefore, polled the Parks and Recreation Commissioners by telephone. Approval has been given for Mr. Walter Spelay, Superintendent-Parks Grounds, and Mr. Steve Delawski, Superintendent-Golf Courses, to attend this field day.

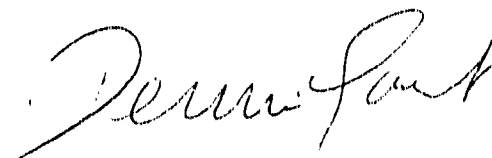

The following are the costs involved:

Transportation by Bus .....	2 x \$10.00 =	\$20.00
Meals .....	2 x \$15.00 =	<u>30.00</u>
Total .....		<u>\$50.00</u>

Costs would be charged to the Municipal Training Budget.

RECOMMENDATION:

THAT the Municipal Council give its approval for Messrs. Spelay and Delawski to attend the Western Canada Turfgrass Association's field day in Puyallup, Washington, on May 12, 1976, with the total cost of \$50.00 being charged to the Municipal Training Budget.

Dennis Gaunt  
ADMINISTRATOR
