

ITEM	13
MANAGER'S REPORT NO.	80
COUNCIL MEETING	Dec. 13/76

Re: SANITARY SEWER CONNECTION AT 5141 SPERLING AVENUE
(POLLUTION COMMITTEE REPORT DATED DECEMBER 6, 1976)

Following is a status report from the Municipal Engineer on a property at 5141 Sperling Avenue which has not been connected to a sanitary sewer.

RECOMMENDATION:

1. THAT the property known as 5141 Sperling Avenue be removed from the exemption list as presented in the Pollution Committee's report at the December 6, 1977 meeting of Council.

* * * *

9 December, 1976

TO: MUNICIPAL MANAGER
FROM: MUNICIPAL ENGINEER
SUBJECT: SANITARY SEWER CONNECTION - 5141 SPERLING AVENUE

At the 6 December, 1976 meeting of Council, during the consideration of the Pollution Committee's report to Council, a motion was made to amend the Committee's recommendations by removing the subject address from the exemption list. The amendment was tabled pending a report from staff on the particulars of acquisition by the Corporation of the subject property.

The Engineering staff has reviewed the matter as directed by Council. The recommendation previously made to exempt the subject property from connecting to the sanitary sewer was made in order to review the likelihood of acquisition for Parks purposes of the total property. It has now been confirmed that the acquisition of the complete property is a very long range proposition and, therefore, we do not believe that it is unreasonable for the subject property to be required to connect to the sanitary sewer.

RECOMMENDATION:

THAT the property known as 5141 Sperling Avenue be removed from the exemption list as presented in the Pollution Committee's report at the 6 December, 1976, meeting of Council.

MUNICIPAL ENGINEER
