CHARGE: Contract #7601
Code 30-01 \$399,600.00

ADDITIONAL INFORMATION: This storm drainage work required prior to, and in preparation for, 1976 Local Improvement Program, to cover charges for Contract #7601 which is to be presented to Council at meeting of 26 January, 1976.

62-062 Municipal share of street lighting on Colbrook Court, Subdivision #173/73, Design 730551.
CHARGE: Misc. Minor Lighting Requirements
Code 15-09 \$ 1,134.42

ADDITIONAL INFORMATION: This subdivision was initiated prior to the time it became compulsory for developers to construct lighting. However, the Approving Officer required the installation of one ornamental light on each of the two landscaped islands on Colbrook Court.

In order to use the ornamental lights to the best advantage, the Corporation undertook to provide a third street light in order to bring the total lighting for the street up to final standard, thus obviating the necessity of ever having to initiate a Local Improvement project for one light.
