TO: MUNICIPAL MANAGER  
FROM: MUNICIPAL ENGINEER  
SUBJECT: REQUESTS FOR PAVING CURBS AND SIDEWALKS

On the Council Agenda for 28 June are two petitions requesting work usually carried out under Local Improvement procedures. The petition submitted by Mr. Ken Rockford of 6420 Napier Street is for paving, curbs and sidewalks. The petition submitted by Mrs. A.J. McKinnon of 4286 Alderwood Crescent is for paving, curbs and storm sewers, and asks that the petitioners be advised of the cost of the work.

Both the petitions conform to the present Council policy for inclusion in the succeeding year's L.I. Program. The petitions have been submitted prior to 30 June deadline, and both contain in excess of ten signatures of property owners abutting the projects.

The Engineering Department will make every effort to accommodate the specific requests contained in the petitions. In the case of the Alderwood petition, the initiative notices will be prepared for curbs only, unless the Engineering Department is apprised by other Departments of a valid reason for not doing so. The notice will include the cost to the individual property owner. If the L.I.P. initiative is successful, Alderwood will be added to the schedule of the 1976 Drainage By-law. The initiative notices for Napier will be prepared to include sidewalks as requested. Storm sewer exists on Napier Street.

RECOMMENDATIONS:

1. THAT Napier Street, Kensington to Fell, be added to the 1977 L.I.P. Program, and
2. THAT Alderwood Crescent south of Moscrop be added to the 1977 L.I.P. Program, and,
