

ITEM	16
MANAGER'S REPORT NO.	54
COUNCIL MEETING Aug. 30/76	

Re: PROPOSED BAN ON SMOKING IN STORES  
 BY-LAW NO. 6904 - "BURNABY FIRE PREVENTION BY-LAW 1968  
 AMENDMENT BY-LAW NO. 3, 1976"

A proposed amendment to the subject by-law was brought forward for first readings on August 16, 1976. Council deferred consideration of this matter and directed that the amendment be resubmitted together with a letter that Fire Chief Nairn had received from Mr. Angus MacDonald, Manager of the Burnaby Chamber of Commerce.

Staff is preparing a report not only on the suggestions contained in Mr. MacDonald's correspondence, but on another suggestion for consideration that has been received from an interested citizen. The amendment to the by-law, all relevant correspondence and a report will be submitted on September 7, 1976.

It will be noted that the agenda includes a request from the President of the No-Smokers Society for permission to appear as a delegation. If appropriate, replies to comments made by this spokesman will be included in the September 7th report.

RECOMMENDATION:

1. THAT a copy of this report be sent to Mr. MacDonald.
