

ITEM	15
MANAGER'S REPORT NO.	71
COUNCIL MEETING	Nov. 8/76

Re: REQUESTS FOR A TRAFFIC LIGHT AT HASTINGS AND DUNCAN STREET
1. MRS. EILEEN DAILLY, M.L.A., BURNABY NORTH
2. WESTRIDGE HOME AND SCHOOL ASSOCIATION

The subject correspondence, which appears on the agenda, pertains to a request for a pedestrian signal at the intersection of Hastings and Duncan Street.

The subject of installing a traffic signal at the subject intersection has been before the Burnaby Traffic and Safety Committee a number of times over the past few years. In each case field investigations have failed to produce the necessary warrants for signal installation.

The last study done at the crossing was in May of 1976. This last study again failed to produce the necessary warrants for the installation of the requested traffic signal.

The intersection in question is under the control of the Department of Highways and as such any signal installation must meet with their approval. Because of the failure of the necessary warrants neither the Burnaby Traffic and Safety Committee or the Department of Highways have ever endorsed a signal installation.

As the item is again before the Burnaby Traffic and Safety Committee a further study will be conducted to ascertain whether volumes have increased sufficiently to produce the necessary warrant.

RECOMMENDATION:

1. THAT a copy of this report be sent to Mrs. Eileen Dailly and the Westridge Home and School Association.
