

ITEM 10
MANAGER'S REPORT NO. 69
COUNCIL MEETING Oct. 11/77

Re: LETTER FROM MR. J. J. DYKSTRA
107 PRINCESS STREET, NEW WESTMINSTER
INTERSECTION OF 2ND STREET AND 10TH AVENUE

Appearing on the agenda for the October 11, 1977 meeting of Council is a request from Mr. J. J. Dykstra for the installation of a traffic light at the intersection of 2nd Street and 10th Avenue. As noted in the following report from the Municipal Engineer, this matter is now under review.

Because this matter is within the established terms of reference of the Traffic and Safety Committee, it would be appropriate to have it referred accordingly. The Committee's next meeting is on October 18, 1977, and it would be possible for staff to have a supplementary report available for the Committee's consideration at that time.

RECOMMENDATION:

1. THAT the letter dated October 3, 1977 from Mr. J. J. Dykstra be referred to the Traffic and Safety Committee for study and comment.

* * * * *

6 October, 1977.

TO: MUNICIPAL MANAGER
FROM: MUNICIPAL ENGINEER
SUBJECT: INTERSECTION OF 2nd STREET AND 10th AVENUE.

Reference: the submission from J. J. Dykstra dated October 3, 1977.

Because of the limit time we are unable to gather the necessary information to prepare a report for this meeting of Council.

RECOMMENDATION:

THAT the subject item be referred to the Traffic and Safety Committee for their consideration.

MUNICIPAL ENGINEER
