The subject property was purchased for the construction of Reese Street to link Cameron and Sullivan.

There is a small two-roomed house with a lean-to kitchen in a state of disrepair and no sewer connection. There are also two small sheds in a dangerous condition situated approximately 150' from the front property line. The Health Department has advised that they have had many complaints regarding these buildings.

By this memo, we are requesting that permission be given to demolish these buildings and clean up the property.
