Re: ENGINEER'S SPECIAL ESTIMATES

Following for the consideration of Council is the Municipal Engineer's report covering Special Estimates of Work in the total amount of \$356,000.

As a point of clarification, the road works are complete on the section of Boundary Road in question, and the only other work remaining to be done other than lighting is the construction of the underpass of the B. C. Hydro Railway; this work is expected to commence within the next three or four weeks.

RECOMMENDATION:

1. THAT the estimates be approved as submitted.
