RE: UNAUTHORIZED VEHICLES - Central Park  
Complaint of Wallace MUCHE

Reference is made to the undated letter from the captionally-noted, commenting upon parking in a restricted area at Swangard Stadium.

Before I advance any comments, I wish to have the Traffic Detail observe and record supporting factors over a period of time, such as actual number of vehicles in the parking area, number of available stalls, etc. Our Municipal Paking Patrolmen have not been directing their attention to this area, and for the time being at least this does not appear to take priority and which would supersede other enforcement requirements throughout the Municipality.

I will provide you with our observations and findings to meet the October 17th Council Agenda.
