RE: 1977 LOCAL IMPROVEMENT LANE CHARGES

The frontage tax rate in effect for local improvement lanes is 45¢ per taxable front foot. The Municipal Engineer advises that the 1977 estimated cost per linear foot of lane paving is \$5.30 as against \$5.00 in 1976. Further, for the 1977 program, Council has increased the owner's share of a local improvement from 50% to 60%. Therefore, the rate per taxable front foot for lane paving in 1977 should be set at 57¢.

RECOMMENDATION

1. THAT a by-law be brought down to amend By-law No. 6828 to increase the rate for lane paving from 45¢ to 57¢.
