MANAGER'S REPORT NO.	44
COUNCIL MEETING	1978 06 12

Re: BIKEWAYS FOR BURNABY REPORT

Following is a report from the Director of Planning on a study on bikeways for Burnaby.

RECOMMENDATIONS:

1. THAT the Acting Mayor, on behalf of Council, write a letter of appreciation to Professor J. W. Wilson and his class for their report "Bikeways for Burnaby."
2. THAT a copy of this report be sent to the Parks and Recreation Commission for information.

PLANNING DEPARTMENT  
1978 JUNE 05

TO: MUNICIPAL MANAGER  
FROM: DIRECTOR OF PLANNING  
SUBJECT: BIKEWAYS FOR BURNABY REPORT

The attached report on bikeways has been prepared by Professor J.W. Wilson and the students of his geography course at Simon Fraser University.

Throughout the preparation of the report, Planning, Parks and Recreation, and Engineering Department staff have been involved, to ensure that the students were aware of Municipal policies and concerns.

The report is an interesting and useful piece of work that presents a basic perspective which should enhance cycling opportunity around the Municipality. The report contains a series of recommendations which represent actions the authors feel should be taken by Council. These recommendations, along with the material contained in the report, will be dealt with in conjunction with the Burnaby linear park study. Recommendations for action will be presented to the Parks and Recreation Commission and Council at that time.

We would commend Professor Wilson and his class for their work on this complex subject, made more difficult by being undertaken in an already developed urban area.
