COUNCIL MEETING 1978 01 16

Re: LABOUR RELATIONS AND CONTRACT
ADMINISTRATION WORKSHOP
(ITEM 5, MANAGER'S REPORT NO. 73, 1977 10 24)

Council approved retaining Mr. Ken Barrass to conduct the above noted workshop at its meeting of 1977 10 24. The workshop was held for two groups on December 6-7 and 8-9 respectively and a "course assessment" was completed by the participants. Attached for Council's information is a numerical summary of the 38 assessment questionnaires which were returned (63% response).

There was, clearly, a strong positive response in every category. Further, the comments on individual questionnaires were positive in virtually every case. Of particular significance is the response to question (a) dealing with the overall value of the course to the participant where the average rating was 8.42 on a scale of 1 to 10.

Your Manager believes that workshops of this type are valuable to the organization particularly when focused on work related topics that have direct practical significance to the majority of exempt supervisors. The discussions generated during the workshops and the response afterwards supports that view.

Your Manager hopes to be able to arrange for at least one workshop of this type each year provided that an appropriate topic can be identified. For 1978, we are tentatively looking at the general area of communications and, more specically, interviewing skills in various situations such as counselling, development, discipline and recruiting. While no definite arrangements have yet been made and a further report to Council will be made to obtain specific approval, it is your Manager's intention to provide for this program at the Annual Budget. The cost should be approximately the same as the previous workshop: \$4,500.00 or about \$75.00 per participant.

This is for the information of Council.
