PLANNING DEPARTMENT
1978 FEBRUARY 22
OUR FILE: 15.142(9)

TO: MUNICIPAL MANAGER
FROM: DIRECTOR OF PLANNING
SUBJECT: C.P. RAIL APPROVAL TO BARNET MARINE PARK RECLAMATION PROJECT FROM
TEXACO TANK FARM WEST TO BARNET BEACH

Council on 1978 February 20 received the Manager's Report No. 14 requesting authorization for staff to provide C.P. Rail with a letter of intent which would outline certain conditions for the issuance of C.P. Rail approval for the construction of the Barnet Marine Park Reclamation Project. This report was submitted in recognition of the opportunity to receive, free of charge, approximately 30,000 yards of quality fill.

Subsequent discussions with the developer supplying this fill have indicated that their excavation project has advanced sufficiently to the point whereby this quantity of fill will not be available. Staff is of the opinion, therefore, that the report currently before Council should be withdrawn and that staff should continue to consult with C.P. Rail and obtain a satisfactory agreement in due course. This agreement will then be submitted to Council for approval.

This is for the information of Council.
