Re: PROPOSED REVISIONS FOR THE SUB-AREA  
BETWEEN CAMERON AND SULLIVAN STREETS  
COMMUNITY PLAN AREA "G"

Appearing on the agenda for the 1978 May 29 meeting of Council is a report from the Advisory Planning Commission on proposed revisions for a sub-area within Community Plan Area "G". Attached is a letter from the Chief Librarian which contains the preference of the Library Board as passed by motion at a meeting on 1978 May 18.

The initial report from the Director of Planning on proposed revisions was considered by Council on 1978 January 16 (Item 8, Report No. 4). The report was referred to the Parks and Recreation Commission, the Advisory Planning Commission and the Library Board (a copy was also sent to the Sullivan Heights Ratepayers' Association and to Mrs. L. E. Mann for information). When Council received a submission from the Parks and Recreation Commission on 1978 May 08, it was tabled in accordance with the following recommendation which was adopted:

"THAT the report of the Parks and Recreation Administrator be tabled on the understanding that the report will be lifted from the table once the submission of the Advisory Planning Commission is received and on the further understanding that Council would then have the opportunity of evaluating the proposed sub-area revisions on a comprehensive basis at that time."

It would now be possible for staff to provide Council with a comprehensive report on all relevant aspects of the proposed revisions including the inputs that have been received from the Parks and Recreation Commission, Advisory Planning Commission and the Library Board.

RECOMMENDATION:

1. THAT the submissions of the Advisory Planning Commission and the Library Board together with the previous submission of the Parks and Recreation Commission be referred to the Planning Department for inclusion in a report to Council, and that the referral be made with the understanding that this further report will be submitted for consideration on 1978 June 12.

Your Worship, Aldermen:

1978 May 19

At its meeting held 1978 May 18, the Burnaby Public Library Board gave further consideration to the proposed revision for the sub area between Cameron Street and Sullivan Street (Community Plan Area "G").

The Library Board felt that since it was necessary for the library to be oriented towards the commercial area, and because it is desirable for the library to be visible from a highly travelled street, and since it is also desirable that people using the library have access from both streets, the Library Board selected Sketch 8 (Revised Community Plan Alternative 3) as its preference.

The Library Board requested, by motion, that this be brought to the attention of Municipal Council.

Yours respectfully,

Secretary to the Board.
