1978 October 31

TO: MUNICIPAL MANAGER
FROM: DIRECTOR OF PLANNING
RE: TRANSPORTATION STUDY UPDATE

RECOMMENDATION:

1. THAT this report be received for information purposes.

REPORT

On 1978 03 06 Council requested that the demographic information in the 1974 report, "Burnaby Transportation Study to 1985" be updated in order that the Transportation Committee can undertake a review of that report.

On 1978 05 29 Council received a progress report and preliminary forecast of Burnaby Dwelling Units and Population data for 1986 by Burnaby Traffic Zone.

Attachments 1(a) and 1(b) respectively, summarize the 1978 Employment in Burnaby by Traffic Zone in graphic and tabular form.

The employment forecast for 1986 will use the 1978 employment information as a data base along with other Burnaby and Regional demographic information.

Attachment 2 summarizes by census year the demographic information available and being requested from Census Canada.

With regard to Council's request that the "updating" be expedited, the Planning Department would advise that Census Canada has advised that under their current work load it will be from twelve to fourteen weeks before the data for 1971 and 1976 will be processed for Burnaby.

Transportation Study Update - Page 2

124

Subsequent to receipt of all base data for Burnaby there will remain several man-weeks of evaluation and analysis work before a 1986 forecast, comparable to the information contained in the original 1974 report, can be presented to Council.

This is for the information of Council.

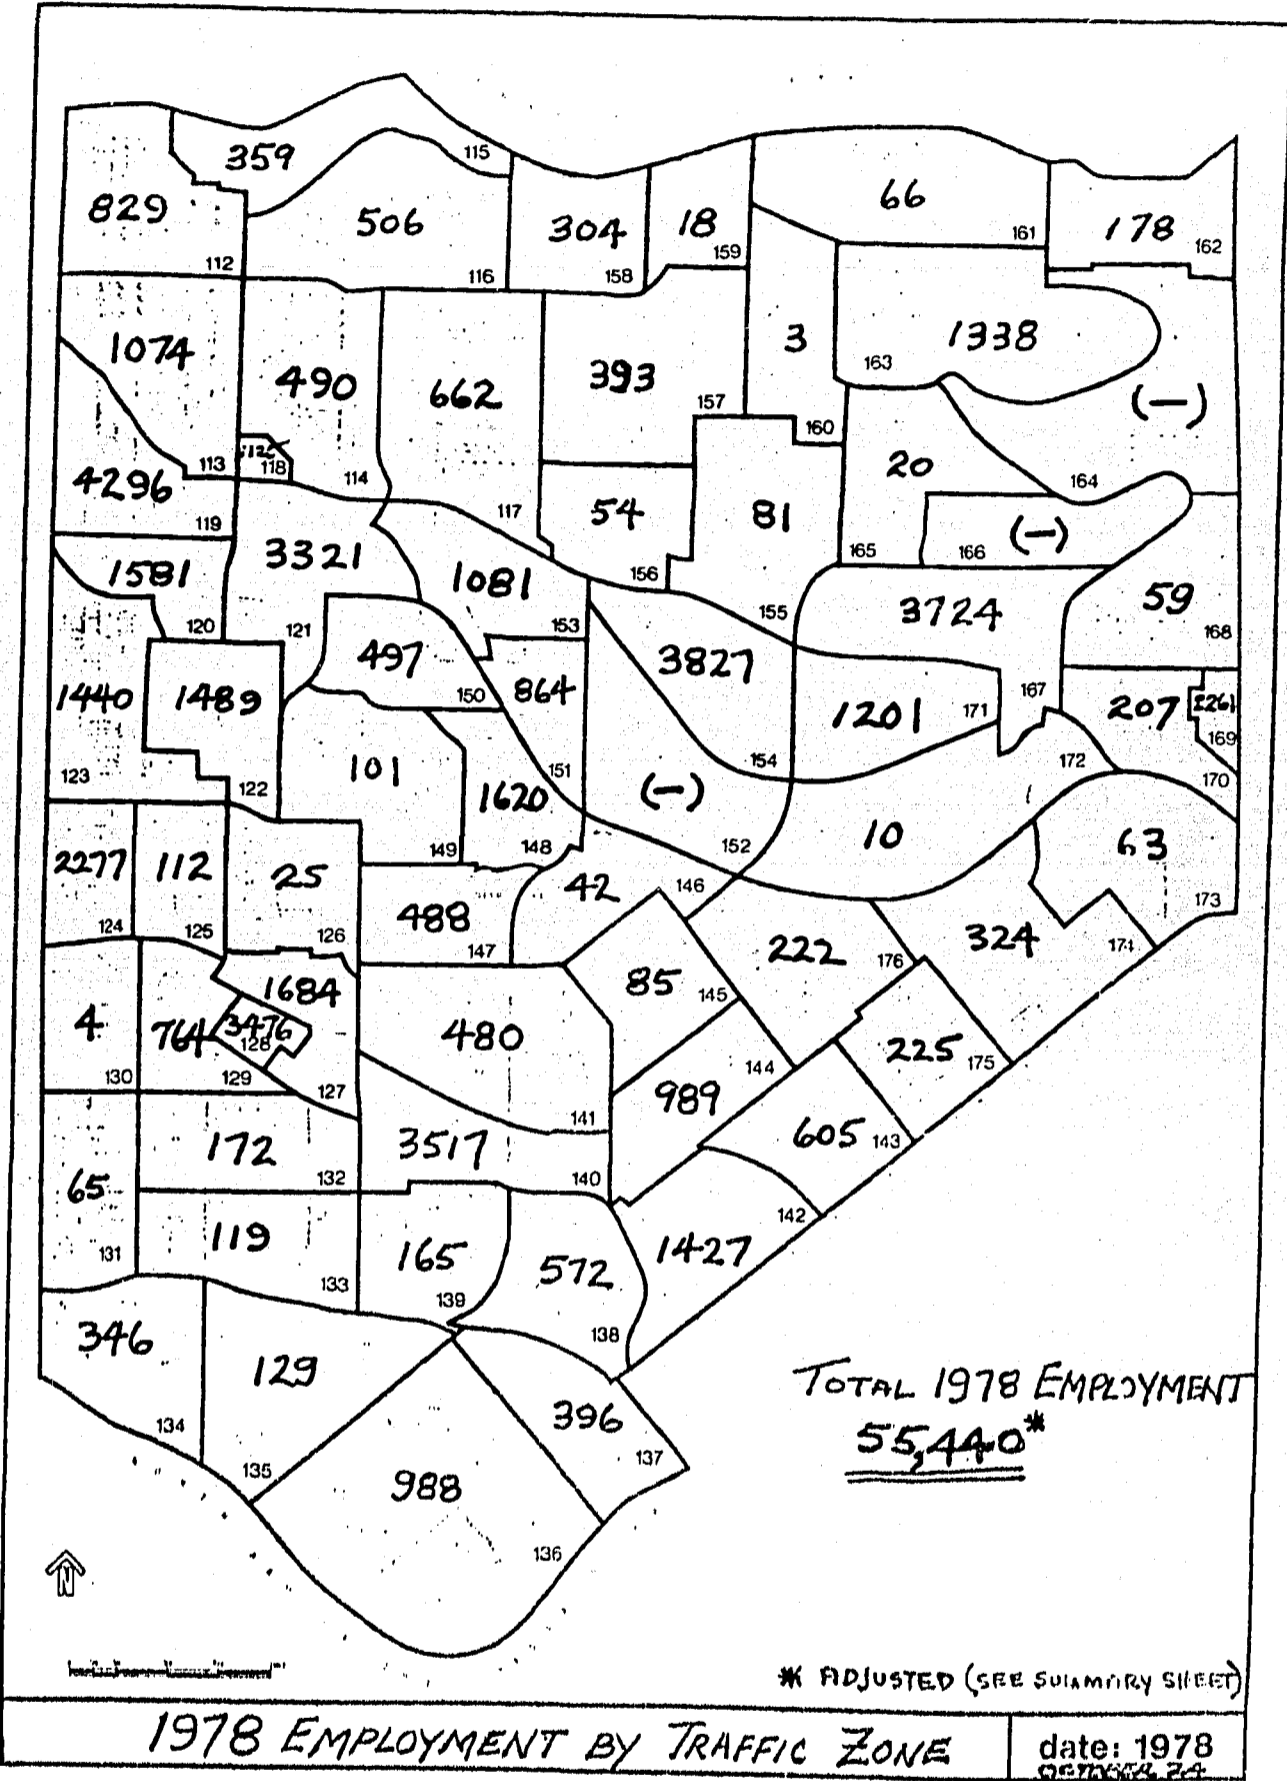

A. L. Parr
