

RE: LETTER FROM THE CITY OF PORT MOODY
2425 ST. JOHNS STREET, PORT MOODY, B.C. V3H 3E1
B. C. HYDRO APPLICATION FOR EXPORT LICENCES

ITEM	17
MANAGER'S REPORT NO.	8
COUNCIL MEETING	1979 12 17

Appearing on the agenda for the 1979 December 17 meeting of Council is a letter from Mr. J. I. Brovold, City Clerk for the City of Port Moody, regarding an application by the B. C. Hydro and Power Authority for export licences. Following is a report from the Chief Public Health Inspector on this matter.

The Municipality was not informed in sufficient time to become recognized by the Energy Board as an intervener at the meetings that the Board will hold next year. This is not considered to be a problem, however, in that we will be able to express any views that we may wish to make to the Board through our close working relationship with Port Moody.

RECOMMENDATION:

1. THAT the report of the Chief Public Health Inspector be received for information purposes.

TO: MUNICIPAL MANAGER

DATE: 1979 12 13

FROM: CHIEF PUBLIC HEALTH INSPECTOR

SUBJECT: Letter from Municipal Clerk, Port Moody re
B. C. Hydro application for Export Licences

RECOMMENDATION:

THAT this report be received for the information of Council.

REPORT

We would advise that a meeting was held at Hotel Vancouver by the National Energy Board on December 11, 1979 at which time persons or associations announced their intention of acting as intervenors to the above-noted subject. The meeting was adjourned on the morning of December 12, 1979 and will reconvene on January 22, 1980 at which time the intervenors and B. C. Hydro will present their views, opinions, and recommendations to the Board.

It is our intention to monitor the meetings which commence on January 22, 1980 and, in the meantime, we will thoroughly discuss the subject with Port Moody officials.

A report and recommendations will be submitted to Municipal Council for their consideration when our meetings with Port Moody officials have been concluded.

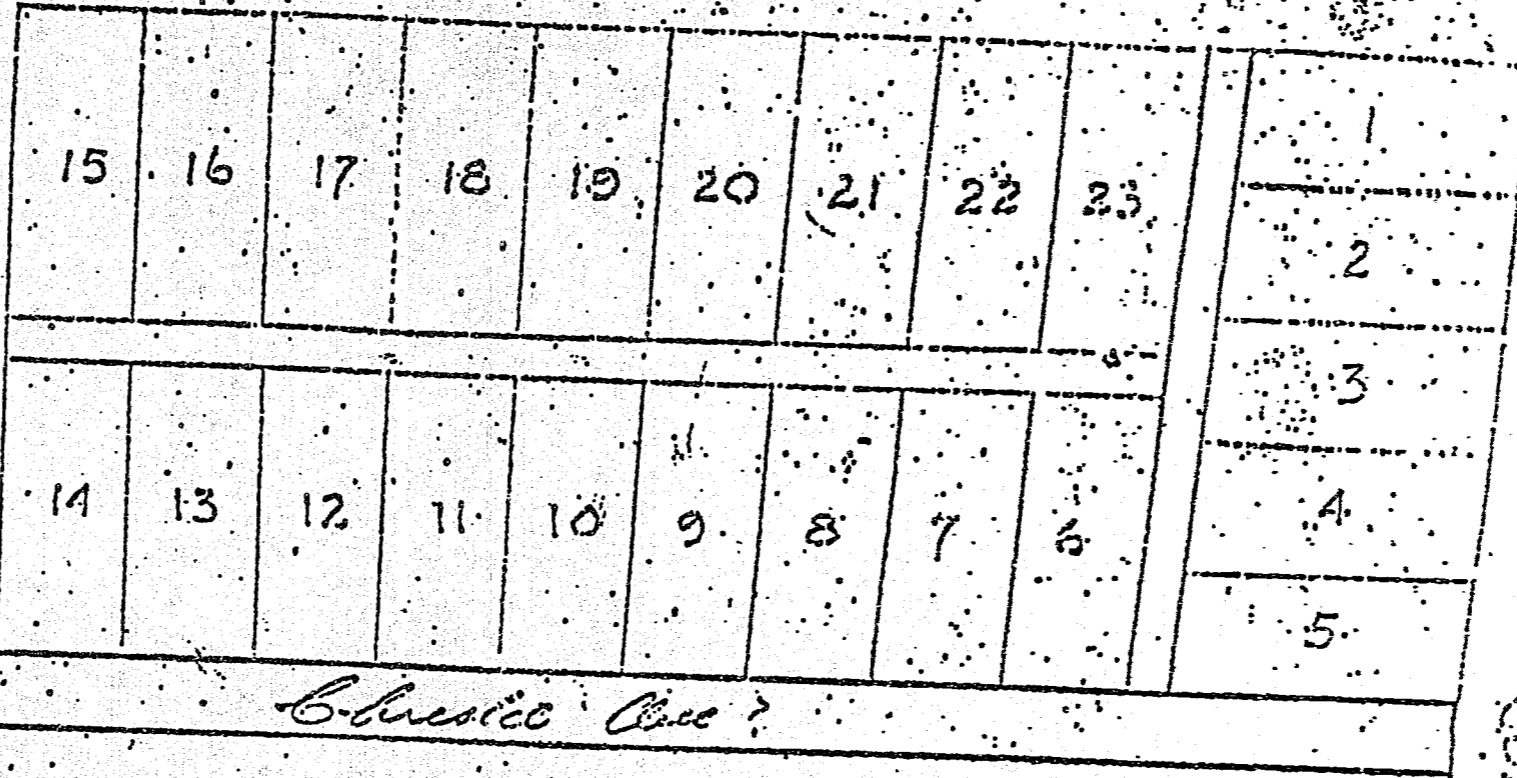

G. H. Armson, C.P.H.I. (C)
