RE: CORRESPONDENCE FROM MR. K. LACKNER DATED 1979 SEPTEMBER 02

RECOMMENDATION:

1. THAT a copy of this report, together with a copy of the described leaflet, be forwarded to Mr. Lackner, 6006 S. E. Marine Drive, Burnaby, V3N 2X8.

REPORT

Appearing on the Council Agenda of 1979 September 17 is a letter from Mr. K. Lackner dated 1979 September 02 with some enquiries concerning the recent public meetings held with respect to the draft Comprehensive Transportation Plan for Burnaby as prepared by the Transportation Committee.

There were three scheduled public meetings associated with the draft plan which were held on 1979 June 12, 13 and 14. The meetings on June 12 and 14 were held in the southern portion of the Municipality at McPherson Park Junior Secondary and Edmonds Junior Secondary respectively while the meeting of June 13 was held at Burnaby North Senior Secondary.

A leaflet summarizing the proposals contained within the draft plan was included as a supplement in the 1979 May 30 edition of the Boundary Road newspaper which is circulated to every household in the Municipality. This leaflet advised of the time and place of the various public meetings and invited comment and presentations concerning the draft plan.

As a result of the public meetings program, a modification to the arterial system in the south-eastern portion of the Municipality was proposed, with the Byrne Road - Tenth Avenue connector being the most notable. Accordingly, a meeting was held with a representative of the Burnaby Stride Citizens Committee on 1979 June 26 to explain the modifications and receive any comments. It was following this meeting that the Committee formulated the Comprehensive Transportation Plan For Burnaby as was submitted to Council at its meeting of 1979 July 30.
