REPORT

On 1979 May 14, Mr. L. Barry Roitman appeared before Council to request an extension of operating hours for a pub in the Admiral Hotel. Council also received a report from staff on this occasion. A decision was postponed for one week pending information on certain matters of concern which were expressed at the time that the subject was discussed.

The further report that Council has requested is in work. It has been given a priority designation and will be completed as soon as possible. It was staff's intention to comply with the request to have the report on this week's agenda, but this objective could not be achieved due to the amount of time that is needed to carry out the necessary research (some of the seven inquiries raised by Council are historical in nature and will require a fairly extensive review of files and other available material). Staff will, in any event, make every effort to have the report available for consideration on May 28. Should additional time be required, the submission would have to be deferred to June 11 as the meeting on June 04 has been cancelled.
