REPORT

On the Council Agenda of 80 05 26 was a letter from Fred W. Thomas and Mrs. Betty Schmitz regarding this project.

Background

The initiative notices for this Local Improvement Project have been sent to the abutting homeowners and petitions against the works are returnable to the Clerk by 80 06 16. The project calls for a sidewalk on the east side of Springer from Hastings to Frances; the rate is \$1.28 per taxable front foot. This project was included in the 1980 Local Improvement Program at the request of 50% of the residents, which is in full accord with Council policy.

At this time it is not known if more than 50% of the abutting owners will petition against the works. The letter from Fred W. Thomas and Mrs. Betty Schmitz has been accepted as a valid petition against the works; full information concerning objections to all works will be given to Council at the appropriate time in a report from the Municipal Clerk.
